Honorable Martin Glenn  
United States Bankruptcy Court  
Southern District of New York  
One Bowling Green, Courtroom 523  
New York, NY 10004-1408

Re: *In re Wythe Berry Fee Owner LLC*, Case No. 22-11340 (MG)

Dear Judge Glenn:

We represent Wythe Berry Fee Owner LLC, as debtor and debtor-in-possession in the above-referenced chapter 11 case (the “Chapter 11 Case”). With the Court’s permission, given at the hearing in the Chapter 11 Case on August 30, 2023, we write to provide the Court with additional, clarifying information about Herrick, Feinstein LLP’s interim fee application [ECF No. 155] and compliance with the guidelines set forth in *In re Mesa Air Grp., Inc.*, Case No. 10-10018 (MG) (Bankr. S.D.N.Y. May 25, 2011).

As the Court noted at the hearing, Herrick’s interim fee application reflects that a total of 141.7 hours, amounting to \$101,329.00, was billed to the following task code: Fee/Employment Applications – B160 (“Task Code B160”). As the Court explained, whether it uses the \$969,749.00 total fees incurred or the \$837,749.00 post-reduction total in Herrick’s interim fee application to calculate compliance with the *Mesa* guidelines, this figure exceeds the 3–5% fee-cap range and therefore does not comply with the *Mesa* guidelines.

The Court permitted Herrick to clarify what percentage, if any, of time billed to Task Code B160 went toward retention applications, which can be isolated from time billed toward preparing fee applications for purposes of calculating compliance with the *Mesa* guidelines.

After the hearing, Herrick analyzed the Detailed Time Records at Exhibit C of its interim fee application, and grouped entries billed to Task Code B160 into categories of (i) retention application work and (ii) fee application work.<sup>1</sup>

We categorized entries as either fee application work (highlighted in yellow in Exhibit 1) or retention application work (highlighted in red in Exhibit 1) based on each entry’s corresponding description. That said, our review revealed three entries that were coded to Task Code B160 but

do not relate to fee or retention application work. We respectfully submit that those entries are miscoded and should be removed from consideration. The entries in question are (i) .4 hours billed by Stephen Selbst on October 18, 2022; (ii) .3 hours billed by Stephen Selbst on January 20, 2023; and (iii) .4 hours billed by Steven Smith on January 30, 2023. Those entries are highlighted in red on the attached Exhibit 1.

After combing through the entries and tallying those in each category, Herrick found that a total of 81.7 hours fell into the category of retention application work, and a total of 60 hours fell into the category of fee application work.

Using the blended hourly rate of \$758.45 as set forth in the interim fee application, we calculate our total fee application work of 60 hours as amounting to \$45,507 (4.69% of Herrick's total fees incurred, i.e., \$969,749.00; and 5.44% of Herrick's total fees incurred post-reduction, i.e., \$837,749.00).

Should the Court consider Herrick's total fees incurred when determining Herrick's compliance with the *Mesa* guidelines, Herrick respectfully submits that its fees comply with the *Mesa* guidelines and asks that they be approved.

Should the Court consider Herrick's total fees incurred post-reduction when determining Herrick's compliance with the *Mesa* guidelines, Herrick respectfully requests that its fees be approved as reduced solely to the extent of ensuring compliance with the *Mesa* guidelines.

Respectfully submitted,

/s/ Stephen B. Selbst
